### Liam Foley

Relation: Colleague in Accredited Technology (ATEC)  
Email: [therealliam.f@gmail.com](mailto:therealliam.f@gmail.com)

### Ali Kahwaji

Relation: Tutor in Nelson Marlborough Institute of Technology  
Phone: +64 2108124442  
Email: [ali.kahwaji@nmit.ac.nz](mailto:ali.kahwaji@nmit.ac.nz)

### Flynn Drummond

Relation: Boss in Action Centre where I work part-time when I was studying  
Phone: +64 210566775  
Email: [info@actioncentre.co.nz](mailto:info@actioncentre.co.nz)

## WORK EXPERIENCE

### Accredited Technology (ATEC)

Nelson, New Zealand  
March 2023 – August 2024

Duties: Develop software, test codes written by other developers, deploy new software release, communicate with clients about requirements of software and issues found, write release change logs and software user manuals.

The company primarily uses Visual Basic and .NET for developing desktop applications and B4A for developing tablet applications. The software typically involves connecting to hardware such as EFTPOS terminals, docket printers, scales, and control boxes.

## EDUCATION
